

2 Synthetic DNA-response trajectories: damage, p53 and p21

A: delay 0, repair $r = 0.12$

B: delay 2, repair $r = 0.12$

C: delay 0, repair $r = 0.03$

D: delay 2, repair $r = 0.03$

Circles: $t = 0$. Squares: $t = 80$. Arbitrary model units; no patient or cell data.
